artstation.com/qqmajko · linkedin.com/in/lazar-3d-art

Senior 3D artist with **10+ years in the games industry** across environment, character, and prop art. Rose from 3D modeler to **Lead Environment Artist on Scorn** — winner of Best Art Direction at The Horror Game Awards and a Steam Awards nominee for Outstanding Visual Style. Comfortable owning a visual target from sculpt to optimized in-engine asset, and leading teams to ship it.

## EXPERIENCE

### Character / Prop Artist

2025 – 2026

Sloclap · Freelance, remote

- Created game-ready characters and props for *Rematch*, Sloclap's online football game for PC and consoles.

### Lead 3D Artist

2023 – 2024

Base Mash · Belgrade, freelance

- Led environment art on a sci-fi city visualisation for VR; owned asset quality and real-time performance targets.

### Level Designer

Jan 2023 – Nov 2023

Mad Head Games · Belgrade

- Designed level layouts, environmental aesthetics, and gameplay elements aligned with the game's vision.

### Lead Environment Artist

Dec 2019 – Nov 2022

Ebb Software · Belgrade

- Led the environment art team on *Scorn* through release; mentored artists and organized the team's tasks and deadlines.
- Collaborated with level designers, game designers, and programmers to integrate environments seamlessly into the game.
- Scorn* won Best Art Direction (The Horror Game Awards) and was a Steam Awards nominee for Outstanding Visual Style.

### 3D Modeling Artist

Jan 2016 – Dec 2019

Ebb Software · Belgrade

- Modeled detailed, optimized characters, creatures, props, and environments for *Scorn*, meeting technical requirements for real-time rendering.

### 3D Modeling Artist

May 2014 – Jul 2015

Voxellab · Belgrade

- 3D modeling and ZBrush sculpting for 3D printing; refined portraits after 3D scanning.
